

I am happy to share my story

I am happy to share it with you,
my interviewer.

I am happy to be recorded when
I tell my story.

I am happy for my story
- on paper or on recording -
to be shared with people.

I know my story is important
for the people in my community.

If I am not happy for any of this,
I will tell my interviewer and
they will understand.

Signed: _____
